## I. PROJECT INFORMATION

### A. PURPOSE OF THIS REQUEST FOR PROPOSALS

Pursuant to the NM Procurement Code governing the competitive sealed proposal process for construction, more specifically 13-1-111, NMSA 1978, 1.4.1.29 through 1.4.1.146, and NMAC 1.4.8.1 through 1.4.8.17, the District has made a determination that the use of the competitive sealed bidding method of procurement is not advantageous to ensure that the project described herein is delivered in a quality manner, and within time and budget constraints. Therefore, it is hereby determined that soliciting competitively sealed proposals for construction of Nancy Lopez Elementary School is the most effective means to ensure the project is delivered accordingly.

The award of a contract for construction shall take into consideration certain contractor qualification and performance factors that add value to a procurement contract. Factors such as contractor past performance, technical expertise and experience, management capabilities and resources, subcontractor teams and craft personnel resources, will form the basis for the criteria to be considered, in addition to lump sum price to perform the scope of work. Award shall be made in accordance with the terms, conditions, and requirements stated herein.

This is a qualifications based selection with cost as a consideration. The Offeror is required to provide the qualifications and other documents as requested in this RFP. The Price Proposal will be evaluated separately from the Technical Proposal.

### B. PROJECT FUNDING

The District and Public School Capital Outlay Council/Public School Facilities Authority have funds to administer this project and will be referred to throughout the contract documents as “Owner”.

**The Design Professional estimate of probable construction cost is:**

**\$ 22,938,732**

**\*(Note: This estimate does not include NM Gross Receipts Tax)**

### C. PROJECT DESCRIPTION

The project is described as:  
Nancy Lopez Elementary School  
41,112 gross square foot replacement school,

A list of questions shall be distributed to the Short-List Offerors that includes the points to be allocated to each question. Points allocated to the questions shall be evenly distributed.

**NOTE:** A “Pre-Interview” meeting may be held by the District Representative, if it is determined it is in the best interest of the short-listed Offerors and the Project, to answer questions regarding the interview process, and to distribute the list of prepared questions to be addressed.

**10. Recommendation of Award to Board of Education**

If the request is accepted to amend or modify a proposal, the Offeror shall replace the incorrect proposals with corrected proposals in their entirety. Substitution of random pages will not be allowed to avoid information being inserted or removed incorrectly. Any amendment or modification to an Offeror's proposal shall be documented for the procurement file.

**5. Late Withdrawals or Late Modifications**

Per 1.4.1.36, inclusive of 1.4.1.21 NMAC, submission of a request to withdraw or modify a proposal after the deadline, shall be documented, and shall not be considered unless the written request is received before contract award, and the request to submit, modify or withdraw the proposal would have been timely but for the action or inaction of the Procurement Manager and/or District personnel directly involved in the procurement.

Any of these occurrences shall be documented by the Procurement Manager, and all Offerors of record shall be notified of the event in writing as soon as possible.

**6. Disclosure of Proposal Contents**

The content of any proposal shall not be opened to public inspection or disclosed prior to award. At that time, all proposals will be open to the public, except for the material

#### **7. Confidential Data**

If a request is received for disclosure of data, for which an Offeror has made written request for confidentiality, the Procurement Manager shall make a determination that the data is, in fact, confidential and proprietary financial information concerning the Offeror's organization and whether or not the data qualifies as a trade secret under the Uniform Trade Secrets Act, Sections NMSA 1978 57-3A-7. Unless the Offeror takes legal action to prevent disclosure of data that does not meet the requirements of the Uniform Trade Secrets Act, the data will be so disclosed. After award the proposal shall be open to public inspections subject to any continuing prohibition on the disclosure of confidential data. Any pages of a proposal on which the Offeror has stamped or imprinted "proprietary" or "confidential" shall be readily separable from the proposal in order to facilitate public inspection for the non-confidential portion of the qualifications based proposal.

Such termination will be effected by sending written notice to the contractor. The Owner's decision as to whether sufficient appropriations and authorizations are available will be accepted by the contractor as final.

If the determination is made that there is insufficient funding to continue or finalize a project, the successful Offeror will be compensated to the level of effort performed, as authorized by the Owner prior to that determination.

#### **10. Offeror Qualifications**

The Evaluation Committee may consider any relevant information or data, from any reliable source (references) relating to the RFP evaluation factors and the Offeror's ability to successfully perform the project. Only the Owner is authorized to release information about the project(s) covered by this RFP. The Offerors must refer to the Owner any requests to release any information that pertains to the work or activities covered by any action or award related to this RFP.

**14. Project Reporting**

If you have not been trained to use the construction information management system, please check the PSFA website at [www.nmpsfa.org](http://www.nmpsfa.org) for training schedules and information as soon as possible.

**15. New Mexico Prevailing Wage Rates**

Wages to be paid as a result of a contract awarded for this project will be subject to the minimum wage rate determination by the State of New Mexico, and will be attached to the final contract documents. This determination will become part of the contract by reference and must be posted, per State of New Mexico Statutes, in a conspicuous place at the General Contractor's place of business. It is the General Contractor's responsibility to be aware of the applicable State of New Mexico statutes and responsibilities related thereto. Failure by the Owner to physically make such minimum wage rate determinations available to the General Contractor will not relieve the General Contractor from becoming aware of or complying with such determinations.

### **A. EVALUATION PROCESS AND SCORING METHODOLOGY**

1. **Receipt and Opening of Proposals**

Proposals received prior to or at submission shall be time-stamped upon receipt and the Price Proposal shall be separated from the Technical Proposal and held in a secure place until the Evaluation Committee has scored the Technical Proposal. Proposals shall not be opened publically and shall not be open to public inspection until the contract for construction is signed by the successful Offeror.
2. **Evaluation Committee**

The Evaluation Committee shall consist of a minimum of three (3) persons, but no more than five (5) persons appointed by the Owner that possess expertise in the technical requirements of the project, construction design and contracting. The Owner may use independent consultants or agents to support the Committee, provided appropriate precautions are taken to avoid potential conflicts of interest.
3. **Technical Proposal**

The Procurement Manager shall review each proposal to determine if it meets all of the mandatory requirements. Proposals that do not meet the mandatory requirements may be considered "nonresponsive". The Procurement Manager reserves the right to contact an Offeror to clarify contents of any Technical Proposal.

Any Offeror whose proposal is determined to be non-responsive shall be notified in writing of the determination as soon as possible. The Procurement Manager will then distribute the proposals and individual score sheets to the Evaluation Committee, and review evaluation criteria.

#### 4. **Price Proposal**

Price Proposals shall be evaluated on the basis of the numerical weight assigned below and as well as the NM, Native American resident/veteran, contractor, law. The regulatory scoring process permits the scoring of competing Offeror's price proposals in relation to one another: The Offeror with the lowest price shall receive the maximum price score, i.e., the maximum numerical weight assigned to the price below. The price score of each other Offeror shall be determined by applying the following mathematical formula: price of lowest Offeror divided by the price for this Offeror multiplied by the maximum price score:

$$\frac{\text{Price of lowest Offeror}}{\text{Price of this Offeror}} \times \text{maximum price score} = \text{price score this Offeror}$$

The Evaluation Committee members shall score the technical proposals individually. Those individual scores will then be combined with the price proposal score and converted to a numeric ranking of all proposals per committee member. The individual member rankings per Offeror will then be totaled and averaged to determine the overall ranking of proposals. The Committee will then determine whether or not to conduct interviews based on the final ranking.

#### 5. **Resident Contractor Preference and Resident Veteran Contractor Preference**

To ensure adequate consideration and application of NMSA 1978, § 13-1-21 (as amended), Offerors must include a copy of their valid preference certificate in their proposal. Invalid or expired certificates will not be accepted. An expired certificate currently in the process of renewal will not be considered valid. Certificates for preferences must be obtained through the New Mexico Department of Taxation and Revenue: <http://www.tax.newmexico.gov/Businesses/in-state-veteran-preference-certification.aspx>

New Mexico preferences are: the New Mexico Resident Business Preference, the New Mexico Native American Resident Business Preference, the New Mexico Resident Veteran Business Preference, and the New Mexico Native American Veteran Business Preference.

**An Offeror cannot be awarded multiple preferences.** The District shall award a business only one of the following preferences: New Mexico Resident Business Preference, New Mexico Native American Resident Business Preference, New Mexico Resident Veteran Business Preference, and New Mexico Native American Veteran Business Preference.

Resident business, resident veteran business, resident contractor, resident veteran contractor, Native American resident business or the Native American resident veteran

business shall, if they meet the requirements set forth in New Mexico Procurement Code Sections 13-1-21, 13-1-22 NMSA 1987, if their proposal was submitted under a formal request for proposal process, and the contract is to be awarded based on a point-based system, be afforded preference in the form of additional points equivalent to eight percent (8%) of the total possible points for resident business/contractors, and additional points equivalent to ten percent (10%) of the total possible points for resident veteran business/contractors.

The New Mexico preferences shall not apply when the expenditures for this RFP include Federal Funds.

In no event will a business be awarded both a resident business preference and a resident veteran business preference in any single procurement/contractual action.

**The preference calculation formula shall be applied to each Offeror on the Procurement Manager's Master Score/Rank sheet that has a valid preference number issued by the NM Taxation and Revenue Department.**

#### 6. **Proposal Discussions**

Per 1.4.1.39 NMAC 2005, if mistakes are discovered after receipt of the proposal, The Evaluation Committee may request clarifications of information submitted by any or all Offerors in a written format with a specified deadline for response.

Short-listed Offerors shall be accorded fair and equal treatment with respect to any clarifications of proposals. If during discussions there is a need for any substantial clarification of or change in a RFP, the RFP shall be amended to incorporate such clarification or change. Any substantial oral clarification of a proposal shall be reduced to writing by the short-listed Offeror.

**NOTE:** Except for circumstances and situations otherwise approved by the Procurement Manager, negotiations of the relevant terms and conditions as well as any other important factors in an RFP and proposed contract are negotiated **PRIOR TO AWARD OF A CONTRACT, NOT AFTER AWARD.**

#### 7. **Interviews:**

*If* interviews are held, the Evaluation Committee shall score each question, and the total points shall be translated to a rank. Each interview question shall have the same weight. Example: If the Interview is worth 50 points, and you have 5 questions, each question shall be worth 10 points. The same questions will be issued to each short listed firm as a benchmark for evaluation purposes. Each question may lead to other questions to help clarify and better understand the firm's capabilities, which may be considered in scoring the interview.

**Interview points shall be added to the Technical Proposal and Price Proposal and re-calculated to determine the final overall rank of Short-listed Offerors for recommendation for award of a contract.**

#### 8. **Short-Listed Offeror Withdrawal from Interview:**
